

United Energy Inverter-Based Micro Embedded Generator Connection Form

This application form is applicable for AS4777 compliant INVERTER generating & storage systems up to 10kW/phase/premises. Typically includes residential Solar and/or Battery Storage. For all other systems please consult www.unitedenergy.com.au.

SECTION 1: INSTALLATION DETAILS (to be completed and signed by the installer)

Is the embedded generator new, an alteration or an abolishment? (tick one box)	<input type="checkbox"/> New	Are separate inverter(s) installed for the generator and energy storage system? (tick one box)
	<input type="checkbox"/> Alteration	
	<input type="checkbox"/> Abolishment	

Installed Capacity (Including previously installed capacity if applicable)	Solar PV	Wind	Other Type:
New capacity installed	_____ kW	_____ kW	_____
Previously installed capacity retained	_____ kW	_____ kW	_____
Previously installed capacity removed	_____ kW	_____ kW	_____
Total installed capacity after all works	_____ kW	_____ kW	_____

Multi-phase systems only: Enter the installed capacity per phase	Phase	Red	
	Power rating	_____ kW	_____
	Energy storage capacity	_____ kWh	_____

Inverter / Energy Storage Information:	Inverter Model 1	Inverter Model 2	Inverter Model 3
Manufacturer			
Model Name			
Rating of Each Inverter / Storage System	_____ kW	_____ kW	_____ kW
Number of Inverters / Storage Systems			
Is the Inverter AS4777 compliant (Yes/No)			
Status (tick box)	<input type="checkbox"/> New <input type="checkbox"/> Existing Retained <input type="checkbox"/> Existing Removed	<input type="checkbox"/> New <input type="checkbox"/> Existing Retained <input type="checkbox"/> Existing Removed	<input type="checkbox"/> New <input type="checkbox"/> Existing Retained <input type="checkbox"/> Existing Removed
Certifying Authority Certificate Number (Available from Clean Energy Council website)			

Operating Manual Provided to Customer (tick box)	<input type="checkbox"/> Yes	Instructed Customer in Operating of System (tick box)
